Fee per academic year for the study programmes in English for the foreigners from the third countries (out of EU) without a permanent residence 2,500 €

Rigorose procedure fee: 400 €

Admission conditions for bachelor study:
The application includes a curriculum vitae, confirmation of payment of the fee for the admission procedure, certified copies of secondary school leaving certificates and a school leaving certificate. Applicants who graduate in the academic year 2019/2020 will be confirmed by the secondary school. Candidates of the fourth year and the school-leaving certificate (original or certified copy) shall be sent by the candidates immediately after the school-leaving examination, but not later than 14 June 2020.

The fee shall be paid by the applicant for each application submitted separately to the faculty account number by bank transfer and the document shall be affixed to the third page of the application. The application must be printed on A3.
The following will be decisive for the admission of an applicant to a bachelor study program who has passed a new school-leaving examination:
- grades of profile subjects in each year of study
- passing an external examination on a foreign language subject at B2 or B1 level, or passing a bilingual secondary school or obtaining a certificate at B1 - C2 level according to the Common European Framework of Reference.
The following will be decisive for the admission of an applicant to a bachelor's degree program that has passed the old regulations:
- grades of profile subjects in each grade of secondary school,
- the overall result of the school-leaving examination.

Admission conditions for foreign students are the same as for Slovak students, good knowledge of Slovak is required.

**Entry exam:**

*Only applicants for the psychology study program will pass the entrance examination:* the entrance examination is not required for other study programs. Admission to the selected study program (with the exception of the psychology study program) will be subject to the corresponding results of secondary school studies in the profile subjects required for each program and the results of the school-leaving examination for which the applicant may reach a maximum of 100 points, admission test results.

The entrance examination for the psychology study program shall be in writing and shall include:
- psychological test (200p),
- knowledge test - psychology, biology, social science and social sciences (200p).

Conditions for admission to master study programs:
- The basic condition for admission to the study program of the second degree according to § 56 par. 2 of Act no. 131/2002 Coll. about universities is the completion of the first degree study program.
- Compulsory part of the application for the study are notarized copies of the university diploma (Bc.) And the state examination certificate (or confirmation of the state examination result), confirmation of payment of the fee for the admission procedure, curriculum vitae.
- Applicants who are graduates of UCM only present proof of payment of the fee for the admission procedure and copies of the university diploma (Bc.) And the state examination certificate (copies do not have to be verified).
- Applicants for Master's degree programs do not take the admission exam if they have applied for an identical degree program. The admission procedure is based on the evaluation of the results of previous studies, subjects of the state examination and defense of the final thesis.
- In the case of applicants - graduates of a related first degree study program, the admission committee of the Faculty of Arts of UCM may require the entrance examination to the extent of the bachelor state examination in an identical study program.

Conditions for admission to doctoral study programs:
Graduates of domestic or foreign higher education institutions may apply for study if they have completed their master's degree.

The application form for doctoral studies is submitted with the following attachments:
- a certified university degree in the same or a related field and program,
- state examination certificate,
- a brief curriculum vitae together with an inventory of both published and unpublished works,
- evidence of experience completed (the applicant for external study shall submit a certificate of employment in the field).

Candidates who are graduates of UCM do not require certified copies of the university diploma and state examination certificate; copies may also be unverified.

The selection process will give preference to graduates who attended a student scientific conference.
Applicants apply for the topics listed on the websites of the Department of Philosophy and Applied Philosophy, the Department of Ethnology and Non-European Studies, the Department of German Studies, the Department of Russian Studies and the Department of Psychology of Faculty of Arts of UCM.

² The subject of the combination, eg: Citizenship Education (in combination) - in combination with history
The admission procedure has the character of a selection procedure in the form of an interview where the applicant presents its motives, prerequisites for study, dissertation project and knowledge foreign language. The applicant becomes a PhD student after successful completion selection procedure and after enrollment for doctoral studies on the basis of the decree of admission dean faculty.

General information about the admission procedure:
Applicants may submit applications for the study of several study programs; only one study program shall be listed per application. The fee shall be paid by the applicant for each application submitted separately to the faculty account number by bank transfer and the document shall be affixed to the third page of the application. The application must be printed on A3. The date of the entrance examination is set by the Dean of the Faculty and cannot be changed.

Coordinator for students with specific needs: Mgr. Andrea Baranovská, PhD.

- 950 € per year (four-year study programs).

Fee per academic year for the study programmes in English 850 €
Fee per academic year for the study programmes in English for the foreigners from the third countries (out of EU) without a permanent residence 2,500 €

Rigorese procedure fee: 400 €

Admission Conditions for Bachelor Degree Programs:
The basic condition for admission to bachelor study under Act no. 131/2002 Coll. on Higher Education and on Amendments and Supplements to Certain Acts, as amended, the acquisition of full secondary education or full secondary vocational education is completed by the graduation exam.
The following will be decisive for the admission of an applicant to a bachelor study program who has passed a new school-leaving examination:
- grades of profile subjects in each year of study,
- passing the external part of the school-leaving examination in a foreign language subject at B2 or B1 level, passing a bilingual secondary school or obtaining a certificate at B1-C2 level according to the Common European Framework of Reference.

Profile subjects: Slovak language and literature, English language, social science, foreign language.
Applicants who have achieved an average of less than 1.50 during their studies at secondary school are not required to take the entrance examination.

For admission to the bachelor degree (applies to all study programs) the following will be decisive:
- pass the entrance examination,
- grades of profile subjects (Slovak language and literature, English language, social science, foreign language) in each grade,
- passing an external examination at B2 or B1 level, a bilingual secondary school, or obtaining a B1-C2 certificate according to the Common European Framework of Reference.

The following will be decisive for the admission of an applicant to a bachelor's degree program that has passed the old regulations:
- grades in profile subjects in individual years of secondary school, the overall result of the school-leaving examination.

The entrance examination shall take place in writing or orally and shall include:
- general knowledge and professional knowledge test - in the digital game theory study program, this test is replaced by an oral interview with the candidate,
- foreign language test (English or German) in study programs applied media studies, mass media and marketing communication,
- Foreign Language Test (AJ) in the Media Relations study program, digital game theory.

Each part of the entrance examination is rated 100 points. In addition, a candidate can earn up to 100 points for learning outcomes during high school studies. Applicants will be admitted to study in a qualitative order and until the guide number approved for the admission procedure has been filled in. 2020/2021. The decisive factor will be:
- the overall average of secondary school (year-end certificate 1 to 3 years and half-year certificate from 4 years),
- grades of profile subjects in each grade (Slovak language and literature, English language, social science, foreign language),
- passing the external part of examination at level B2 or B1, passing a bilingual secondary school or obtaining a certificate at level B1, C2 according to the Common European Framework of Reference.

In the case of an increased number of applicants who will meet the conditions for admission to the bachelor's degree, the Academic Senate of the Faculty of Mass Media Communication may adjust the admission number.

Applicants for an external form of the bachelor's degree will be admitted without an entrance examination on the basis of a qualitative ranking and until the guide number approved for the admission procedure is completed. 2020/2021.

In the case of foreign applicants interested in studying in the study program Media Relations (tuition is conducted in English), the entrance examination tests will be in English.

The written or electronic application submitted for full-time study must contain:
- curriculum vitae,
- proof of payment of the fee for the admission procedure (the fee must be paid exclusively by bank transfer),
- the applicant who graduates in the school year 2019/2020 enrolls in the application for grades and averages from the annual certificates of the 1st - 3rd grades and half-year certificates of the 4th grades (in case of 5 years of study - 4th grade and six-year grade from the 5th grade) and can be confirmed by the school in the application form,
- immediately after the school-leaving examination he / she shall deliver to the Study Department of Faculty of Mass Media Communication a matriculation or a notarised certificate of last year and a school-leaving certificate (by 12 June 2020 at the latest),
- a candidate who has passed the school-leaving examination before 2020 shall send officially certified annual certificates and officially certified graduation certificates,
- an applicant who graduates or graduates from a secondary school abroad is obliged to apply for equivalence according to the instructions of the Ministry of Education.

The written or electronic application for external study must contain:
- curriculum vitae,
- proof of payment of the fee for the admission procedure (the fee must be paid exclusively by bank transfer),
- officially completed school-leaving certificate,
- in the case of the school-leaving examination in the school year 2019/2020, the certified certificate shall be delivered to the Study Department of the Faculty of Mass Media Communication immediately after the school-leaving examination by 12 June 2019 at the latest.

Conditions for admission to master study programs:
The basic condition for admission to the master study program is the successful completion of the bachelor study program.
As a compulsory part of the application for the master's degree program, applicants for master's degree programs shall submit a university diploma, state examination certificate, diploma supplement for graduates of study programs, graduates of study programs proof of passed exams and credits admission fee.
Master's degree programs may be studied by a graduate of a Bachelor's degree program in related fields of study in accordance with the characteristics of the degree program. In specific cases, the Dean of the faculty decides on the acceptance of the application for the Master's degree programs.
In the case of applicants - graduates of a non-identical (or identical) or related study program, the admission committee of Faculty of Mass Media Communication may require the entrance examination to the extent of the bachelor state examination of the study program to which the applicant applies.
The entrance examination is usually oral and the faculty will inform the applicant about the content of the entrance examination.

Graduates of the study program in the field of study of mass media studies in full-time and part-time study at Faculty of Mass Media Communication of University of Ss. Cyril and Methodius in Trnava do not take the entrance examination. Applicants who are graduates of Faculty of Mass Media Communication are not obliged to prove their university diploma, state examination certificate, diploma supplement. The application form for the Master's degree must be accompanied by a confirmation of payment of the fee for the admission procedure, CV.

Conditions for admission to doctoral study programs:
Conditions for admission to doctoral study programs at the Faculty of Mass Media Communication UCM in Trnava in the study program Marketing Communication, Mass Media Communication, Digital Game Theory:
1. Graduates may apply for admission to study at home or abroad if they have completed their master's or master's degree in the relevant or related field of study.
2. The application form for the doctoral study is submitted on the form with attachments. The application form for the third degree of university study (doctoral study) is available to applicants on the website of the Ministry of Education of the Slovak Republic - www.minedu.sk - or it can be purchased in specialized stores (forms, office supplies, etc.). The application form is on website of University of Ss. Cyril and Methodius in Trnava.
3. In the application for the doctoral study, the applicant shall state the name and surname, date and place of birth, birth number and permanent residence address, the selected study program, the selected dissertation topic and information on foreign language knowledge.
4. The applicant is obliged to enclose the dissertation project (recommended range of 5-7 pages) with the application for the doctoral study.
5. The applicant shall attach to the application a confirmation of payment of the fee for the admission procedure.

Doctoral degree programs may be studied by a second-degree graduate in the fields of mass media studies and related fields of study in terms of the characteristics of the degree program. The applicant shall enclose with the application: a curriculum vitae, certified copies of evidence of educational attainment, a list of published articles or a list of results of other professional activities, eventually. reviews of these works and activities. The applicant for an external form of study shall submit a certificate of employment in the relevant field.

Coordinator for students with specific needs: Mgr. Dáša Mendelová, PhD.

General information about the admission procedure:
Only one application per study program can be submitted per faculty.
Applicants who will graduate from the profile courses with the C-level examination in the 2019/2020 school year may also apply.
It is not possible to postpone the entrance exam date.
You cannot claim a refund of the admission fee.
Good knowledge of at least one foreign language (English, German) is required.
The applicant for study in Academic year 2020/2021 registers the application form electronically via AIS2 at the UCM website, where he also uploads all mandatory attachments. The faculty also accepts the applicant's application in paper form "sent on the prescribed form" and in electronic form only if it meets all the required requirements.

Address: Study Department of Faculty of Mass Media Communication, University of Ss. Cyril and Methodius in Trnava, J. Herdu Square 2, 917 01 Trnava, Slovakia.

Tuition fees in part-time study programs:  
- Bachelor - four-year study programs 600 €/year  
- Doctoral study programs 400 €/year

Fee per academic year for the study programmes in English 850 €  
Fee per academic year for the study programmes in English for the foreigners from the third countries (out of EU) without a permanent residence 2,500 €

Rigorose procedure fee: 400 €

The application can be submitted:  
a) by post to the faculty address: Faculty of Natural Sciences, University of Ss. Cyril and Methodius in Trnava, Nám. J. Herdu 2, 917 01 Trnava, Slovakia  
b) personally: in the registry office of UCM in Trnava (Nám. J. Herdu 2, 917 01 Trnava)  
c) electronically: https://www.ucm.sk/sk/elektronicka-prihlaska/  
Applicants are obliged to print, sign and send the completed electronic application form together with the required documents to the faculty.

Bachelor degree programs - admission conditions:  
The basic condition for admission to a bachelor's study is the acquisition of full secondary education or full secondary vocational education (Section 56 (1) of Act No. 131/2002 Coll., On Higher Education and on the Amendment to Certain Acts).

The admission procedure is without the entrance examination.  
The following will be decisive for the admission of an applicant to a bachelor study program who has passed a new school-leaving examination:  
- grades of profile subjects in each year of study,  
- passing the external part of the school - leaving examination in a foreign language subject at B2 level, or B1, graduating from a bilingual high school or obtaining a B1 - C2 certificate according to the Common European Framework of Reference.

The following will be decisive for the admission of an applicant to a bachelor's degree program that has passed the old regulations:  
- grades of profile subjects in each grade of secondary school,  
- the overall result of the school-leaving examination.

Profile subjects for study in Slovak language:  
chemistry:  
biotechnology:  
protection and restoration of the environment:  

Profile subjects for study in English language:  
applied biology: biology, chemistry, mathematics, foreign language, biology, chemistry, mathematics, foreign language, biology, chemistry, mathematics, foreign language.
chemistry: chemistry, mathematics, biology, foreign language,
protection and restoration of the environment: chemistry, mathematics, biology, foreign language.

The application form must contain:
- curriculum vitae,
- proof of payment of the admission fee,
- secondary school certificates for 1st - 4th year officially verified (registry office / notary)
- school-leaving certificate officially certified (registry office / notary)

An applicant who graduates in the school year 2019/2020 enrolls in the application form from year - end certificates for 1st - 3rd year (in case of five - year study he / she writes grades for the 2nd - 4th year) and can be confirmed in the application form high school, or by the application forms shall be accompanied by the officially certified (registry office / notary) certificates mentioned above. Certificate of 4th grade (5th grade) and school-leaving certificate officially certified (registry office / notary) no later than 12 June 2020, the applicant shall deliver to the faculty.

Master's degree programs - admission conditions:
The basic condition for admission to the study program of the second degree is the completion of the study program of the first degree (Section 56 (2) of Act No. 131/2002 Coll. On Higher Education and on the amendment of certain acts).

When admitting to the selected study program, it is taken into account whether the applicant has completed a study program at the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava or at another related university.

Upon admission to the master's degree program, the result of the bachelor's study is evaluated. In the case of applicants from other faculties and the completion of a bachelor's degree in related fields, the composition of the completed subjects in the first stage of study is also assessed.

When enrolling in the master's degree program in Applied Biology, it is recommended that the student at the undergraduate level study courses in molecular biology and microbiology.

In the case of completing a bachelor's degree in related fields, the admission committee of the Faculty of Natural Sciences may request the entrance examinations.

The application form must contain:
- curriculum vitae,
- proof of payment of the admission fee,
- university diploma - officially certified (registry office / notary)
- state examination certificate - officially certified (registry office / notary)
- the diploma supplement - officially certified (registry office / notary)

Applicants who pass the final state examination of the first degree of university study in the academic year 2019/2020 and do not have a diploma at the date of the admission procedure, will submit a certificate of study and a confirmed list of completed subjects of study.

The applicant who is a graduate of the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava will submit unverified photocopies of the diploma, the state examination certificate and the diploma supplement.

Applicant, who is a student of the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava and the state final examination of the first degree of university study will be in the academic year 2019/2020 will be provided with evidence of graduation from the Faculty (Study Department).
Engineering study program - admission conditions:
The basic condition for admission to the study program of the second degree is the completion of the study program of the first degree (Section 56 (2) of Act No. 131/2002 Coll. On Higher Education and on the amendment of certain acts).

When enrolling for an engineering degree program, it is taken into account whether the applicant has completed a degree program at the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava or at another related university. In the case of applicants from other faculties and the completion of a bachelor's degree in related fields, the composition of the completed subjects in the first stage of study is also assessed.

Required composition of completed courses at the 1st degree of environmental engineering is mathematics (2 semesters), physics (at least 1 semester), general and inorganic chemistry (at least 1 semester), organic chemistry (at least 1 semester), analytical chemistry (at least 1 semester) semester), physical chemistry (at least 1 semester), biochemistry / microbiology (at least 1 semester), toxicology (at least 1 semester), engineering subject - chemical engineering / environmental engineering / waste engineering / safety engineering (at least 1 semester).

The application form must contain:
- curriculum vitae,
- proof of payment of the admission fee,
- university diploma - officially certified (registry office / notary)
- state examination certificate - officially certified (registry office / notary)
- the diploma supplement - officially certified (registry office / notary)

Applicants who pass the final state examination of the first degree of university study in the academic year 2019/2020 and do not have a diploma at the date of the admission procedure, will submit a certificate of study and a confirmed list of completed subjects of study.

The applicant who is a graduate of the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava will submit unverified photocopies of the diploma, the state examination certificate and the diploma supplement.

Applicant, who is a student of the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava and the state final examination of the first degree of university study will be in the academic year 2019/2020 will be provided with evidence of graduation from the Faculty (Study Department).

Doctoral study program - admission conditions:
The basic condition for admission to the doctoral study is the higher education of the second level (Section 56 (3) of Act No. 131/2002 Coll.

Graduates of domestic or foreign higher education institutions may apply for admission to study if they have completed their master or engineering degree.

The application form must contain:
- university diploma - officially certified (registry office / notary)
- state examination certificate - officially certified (registry office / notary)
- a brief curriculum vitae together with a list of published and unpublished works,
- framework project on the dissertation topic,
- proof of completed experience (optional)
- proof of payment of the admission fee,

The applicant who is a graduate of the Faculty of Natural Sciences of University of Ss. Cyril and Methodius in Trnava will provide unverified photocopies of the diploma and the state examination certificate.
Applicants apply for the topics that are published on the faculty website. During the admission to the doctoral study, there will be an interview, which takes the form of an interview, where the applicant presents his / her motives, the project on the dissertation topic and the prerequisites for study, as well as knowledge of a foreign language.

**Admission conditions for foreign applicants** are the same as for applicants from the Slovak Republic. Good knowledge of the Slovak language is required. Applicants who graduate or graduate from a secondary school abroad are required to apply for equivalence of documents according to the instructions of the Ministry of Education.

**General information about the admission procedure:**
Applicants may apply for multiple study programs. It shall list only one study program per application. The fee shall be paid by the applicant for each application submitted.

The documents attached to the application form are not returned to the applicants, they remain permanently part of the applicant’s documents.

We do not require a medical certificate to study.

The decision on the outcome of the admission procedure will be delivered to the applicant in writing in his own hands.

Conditions for admission to bachelor study programs:
The basic condition for admission to bachelor study under Act no. 131/2002 Coll. on Higher Education and on Amendments and Supplements to Certain Acts, as amended, the acquisition of full secondary education or full secondary vocational education is completed by the graduation exam.

The following will be decisive for the admission of a candidate for a Bachelor's degree program:
- grades,
- medical certificate (study program social services and counseling).

The application form for bachelor's degree studies includes a curriculum vitae, confirmation of payment of the fee for the admission procedure, a certified copy of the school-leaving certificate. Applicants who graduate in the academic year 2019/2020 will be confirmed by the secondary school. Applicants will submit a school-leaving certificate (certified copy) together with the application form, but no later than 15 May 2020. Applicants will be ranked based on the results of the school-leaving examination.

Conditions for admission to master study programs:
Successful completion of Bachelor study program.
As a compulsory part of the application form for the Master's degree, applicants must submit a university diploma, state examination certificate, diploma supplement for graduates of study programs, graduates of study programs, proof of completed exams and credits (certified copies), proof of payment. Graduates of identical, respectively. related study programs, they will be admitted on the basis of success in the bachelor's state exams. In justified cases, graduates of study programs of other fields of study may also apply, but their admission may be subject to a test of competence in the admission procedure.

Conditions for admission to doctoral study programs:
Graduates of domestic or foreign higher education institutions may apply for admission to study if they have completed their master or master degree. For doctoral studies, the application includes a verified university degree in the same or a related field and program, a certificate of state examination, a brief curriculum vitae together with a list of published and unpublished works, proof of completed experience (optional) and proof of payment of the admission fee. In justified cases (eg long-term work experience in the field of research in the relevant field of study), graduates of study programs of other fields of study may also apply.

Candidates apply for topics announced by the faculty or they can propose their own topic.
The topics of the dissertations are written by supervisors with the relevant scientific degree (prof., assoc. prof.) Approved by the Scientific Council of the Faculty of Social Sciences of the UCM in Trnava.

During the admission to the PhD study there will be a selection procedure where the applicant presents his / her motives and prerequisites for study. The basic prerequisite for the admission to the third degree of university study is the presentation and defense of the dissertation project, the success of which will be assessed by the PhD admission committee according to the provisions of the UCM Doctoral Study Directive in Trnava.

General information on the admission procedure:
It is possible to apply for various study programs and for various forms of study (full-time and part-time).

Coordinator for students with specific needs: PhDr. Darina Kubičková, PhD.

BACHELOR’S STUDY PROGRAMS – conditions:

Conditions of acceptance:
1. graduation from high school without limitation
2. passing the school-leaving examination;
3. passing the entrance examination

Application:

Annexes (copies must be officially certified):
- curriculum vitae
- confirmation of payment of the admission fee,
- secondary school certificates (originals or certified copies)
- school-leaving certificate (originals or certified copies).

Applicants who graduate in the 2019/2020 school year will be confirmed by the secondary school. Candidates for the 4th year and the school-leaving certificate (original or certified copy) shall be sent by the candidates immediately after completion of the school-leaving examination, by 14 June 2020 at the latest.

Applicants for the physiotherapy course will also choose:
- one foreign language (English or German) from which they take the entrance examination and in which they will continue their studies.
- one of the disciplines from which they take part in the entrance examination: swimming or athletics.

The selected discipline must be entered in the box next to the foreign language!

According to the chosen discipline, the applicant will bring either a swimsuit and a towel, or sneakers and sports wear. Verification of the physical abilities of the applicants is part of the entrance examination with the result of passing the exam. did not comply, and will run on the same day as the written tests. The applicant is required to be in good health.

Preparatory course:

The Institute of Physiotherapy, Balneology and Medical Rehabilitation will organize a preparation course for candidates. All the information you can find on our website.
Entrance exam:

a) Physiotherapy:
- written examination
tests with a content corresponding to the secondary school curriculum are written on tablets provided by the IFBLR.
- biology focusing on human anatomy and physiology,
- a foreign language (German or English),
- verification of physical abilities (student chooses one of the disciplines)
  swimming (25m freestyle), or
  athletics, or
- gymnastics (Jacikov test)

b) Radiology
- written examination
tests with a content corresponding to the secondary school curriculum are written on tablets provided by the IFBLR.
- biology focusing on human anatomy and physiology,
- physics.

Evaluation of the admission procedure:

a) Physiotherapy:
- biology test = 50% of the overall assessment,
- foreign language test = 25% of total score,
- profile items = 20% of the overall assessment (biology, chemistry, foreign language),
- graduation = 5% of the overall assessment,
- verification of physical abilities = pass / fail (cannot be accepted)

b) Radiology:
- biology test = 60% of the overall assessment,
- physics test = 20% of total assessment,
- profile items = 15% of total assessment (biology, physics, foreign language),
- graduation = 5% of the overall assessment.

Evaluation notes:
a) The following shall be decisive for the admission of candidates who have passed a maturitní zkouška under the current regulations:
- grades of profile subjects in each year of study,
- passing the external part of the school-leaving examination in any subject at level B2, resp. at level B1, graduating from a bilingual high school, or obtaining a certificate at level B1-C2 according to the Common European Framework of Reference.
b) The following shall be decisive for the admission of an applicant who has graduated under the old regulations:
1. grades of profile subjects in individual years of secondary school,
2. the overall result of the school-leaving examination.

Publication of the results of the entrance examinations:
The results of the entrance examination points will be published on the IFBLR UCM website: http://ifblr.ucm.sk.
MASTER STUDY PROGRAM – conditions

Conditions of acceptance:
first degree university degree in physiotherapy,
external study requires concurrent continuous practice in the field.

Application:
Annexes (copies must be officially certified):
a first degree university degree in physiotherapy and a diploma supplement (certified copies by applicants from universities other than UCM, not certified by IFBLR graduates),
State Examination Certificate (certified copies of applicants from universities other than UCM, IFBLR alumni not verified,
curriculum vitae,
Confirmation of concurrent continuous practice in the field - valid only for external study
confirmation of payment of the admission fee.

Evaluation of candidates:
The order of success of the candidates shall be established on the basis of the following criteria:
weighted study average of the state examination results - maximum 30 points.

Rector of UCM decides about an admission.
An applicant who has not been admitted may submit a request for review of the Rector's decision within 8 days of its delivery to the Rector of the University.
If the number of applicants does not significantly exceed the number of applicants, is equal to or lower than the number of applicants envisaged after the application process has been completed, the Rector may decide on admission without entrance examinations. Tenderers shall be informed of this decision in writing in good time.

RIGOROSE PROCEDURE

Rigoroze examinations and defenses of rigorous theses are carried out in accordance with the relevant provisions of Act no. 131/2002 on universities and on amendments to certain acts, as amended (Sections 53 (8) and (9), 63) in study programs in which the faculty has accredited Master's studies.

By a rigorose procedure, the applicant demonstrates that on the basis of independent study and independent, generally scientific work in the field of study, he / she has acquired deeper knowledge in its broader basis and is capable of acquiring new knowledge of science and practice independently and creatively developing it. practice.
The condition for the proper completion of the rigorose proceedings is the completion of the rigorose examination and the defense of the rigorose work in accordance with the UCM Directive in Trnava on the rigorose proceedings.

Conditions of acceptance:
second degree university degree in physiotherapy

Application:
Annexes (copies must be officially certified):
Officially certified copy of the university diploma;
Officially certified copy of the state final examination certificate, resp. the state examination certificate or certificate;
Curriculum Vitae;
A graduate of a foreign higher education institution shall attach copies of nostrified evidence of higher education abroad and a nostrification clause if nostrification is required;
List of published works (if any).

CONDITIONS FOR ADMISSION OF FOREIGN STUDENTS:

Foreign students are subject to the same admission procedure and good knowledge of the Slovak language.

Coordinator for students with specific needs: PhDr. Eva Ďurinová, eva.durinova@ucm.sk
